Dear Sir or Madam,,

I am writing in regards to the issue of irradiation labeling. As a consumer and an American citizen I feel that foods that are irradiated should be labeled as such and in a manner that is easily viewed by the consumer. Just as we have the choice of over 3000 grocery items, processed or unprocessed food, choosing between irradiated and nonirradiated foods should be a basic right of the consumer.

Thank you.

Sincerely,

Sighle Mleziva
